

Giuso factory//

- **Architectonic project**
- **Interior project**
- **Communication project**
- **Supervision and guidelines for green areas**

The new GIUSO factory rises in Bistagno area, less than 10km. far from the historic headquarter in Acqui Terme. It's located between the Langhe region and Monferrato in Piedmont, famous area for cherries and hazelnuts growings culture. In the past two years we followed this project in all its phases, and now, that we are getting closer to the completion of the works (January 2011) we are proud to show you what we have been doing.

Cost of the investment: **16.000.000 Euro**

Total built area surface: **10.000 m²**

Total green area: **1.500 m²**

Total surface of the automated warehouse: **2.140 m²**

(Width: 23,5 m. – length: 90 m. – height: 15 m.)

Operating capability: **350 cartons per hour**
